For many people, a well-maintained automobile is a source of pride and peace of mind. But for others, the idea of routine maintenance is daunting. How to Make Your Car Last Forever will guide you through the minefield of preventative maintenance, repair, extended warranties, and magic elixirs that claim to cure everything from oil consumption to male-pattern baldness! Author, car repair expert, and host of satellite radio show America's Car Show with Tom Torbjornsen, Tom Torbjornsen has seen it all in his 40 years in the automobile industry. Let him show you how to extend the life of your car indefinitely. In How to Make Your Car Last Forever, he explains the what, when, and why's of automotive maintenance and repairs in easy-to-understand terms. Simple how-to projects supplement the learning with step-by-step instructions that will save you time and money. While you may not want your car to last forever, Torbjornsen's advice will help you preserve it indefinitely while maximizing resale value down the road. Preventative maintenance is the key to the automotive fountain of youth. Let Tom Torbjornsen show you the way!

The Wet Tropics is a World Heritage area covering almost 900,000 hectares between Townsville and Cooktown in Far North Queensland Australia. This book features over 200 different sites in this area including waterfalls, mountain streams, major rivers, lakes, swamps, swimming holes, and all types of fresh water that is easily accessible to the general public. With maps and GPS settings it shows how to reach these places, and over 300 beautiful images show what to expect when you get there.

Making horsepower at Chrysler in the early 1960s was nothing new for the Pentastar brand. The 413 RB engine had been producing more than 350 hp since the late 1950s. Joining the lineup in 1963, the 426 Wedge doubled down on the fact that Chrysler was all-in on going fast. The one weakness holding them back from total domination on the streets and strips was with their dated and tired manual shifter, the BorgWarner T-10 transmission. That all changed with the advent of its replacement, the New Process A-833. Jamie Passon of Passon Performance has used his decades of knowledge on the A-833 to create the ultimate book on rebuilding a Chrysler 4-speed. He begins with a historical overview of the long-tenured A-833 and jumps into dissecting what could be malfunctioning in your transmission. The bulk of the book concentrates on disassembling, inspecting, repairing, and reassembling the A-833. With 400 photos, the author shows you exactly how to rebuild your transmission featuring how-to sequences that walk you through each phase. Whether you own a Polara, Road Runner, Challenger, or Ram truck, you need to have the confidence that your transmission is in top-notch, working condition. Now is the time to eliminate that annoying grind when you put your Mopar into reverse. You can pull out your A-833 and tear into it with this valuable resource.

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé , but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
