Young and beautiful, Lois Pryce was a rising star at the BBC. Unbeknownst to her co-workers, Lois lived a parallel life as a biker babe with an overwhelming sense of wanderlust. So she packed in her career to ride her motorcycle on her own from the northernmost tip of Alaska to the southernmost tip of South America. Alone. Armed only with the Spanish words for 'caution' and 'cheese', Lois was rather under-prepared for multiple bear sightings, bribing her way through borders, spending a night in a Mexican brothel and crashing her bike in the wilds of Patagonia. She most certainly got the adventure she craved, and her pulse-pounding, soul-searching adventure has already attracted fans worldwide - a weblog that she kept whilst on her travels was receiving more than two-thousand hits a day. Her hilarious, brilliantly written travelog will appeal to anyone who's ever dreamt of jacking-it-all-in and running away to see the world.

In 2011, at the height of tension between the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London: ... I wish that you will visit Iran so you will see for yourself about my country. WE ARE NOT TERRORISTS!!! Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!! Your Persian friend, Habib Intrigued. Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic government. Revolutionary Ride is the story of a people and a country. Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is real contemporary Iran.
