I have googled and investigated on these forums, what audio equipment I currently have, so I could investigate how to integrate my iPhone 5 in the most cost effective way. I had a report from Mercedes, based on my chassis number and it comes back and says I have an Audio 20 system. When I google audio 20, the units look nothing like mine.

Mercedes C220 CDI AMG SPORT I think this might have been brought up before but I can't seem to find it. Since the olympics has been on i've been using my DAB radio to listen to BBC R5L and their olympic station, which is great, however.... Whenever I return to the car, turn on the ignition, the DAB radio always reverts back to BBC Radio 1.

Here we have DAB retrofit kits for various Mercedes vehicles. The in2digi products are aftermarket products that fully integrate with the COMAND system (i.e controlled from the COMAND screen), the other kits are made from Mercedes genuine parts although sometimes you will have to extend some wiring looms, and you will need the car to be coded by a Mercedes dealer after you have retrofitted the ...
