This book, the violet book, brings the series of Beekeeping Study Notes for the British Beekeeper's Association examinations up to date . The series includes the brown book for the Basic, the green and orange volumes for the modules leading to the Intermediate and Advanced Certificates, the red book for the Practical Examination and the blue book for the Microscopy

# Get Free Beekeeping Study Notes Microscopy

module. These notes address the 85 topics included in the BBKA syllabus for this examination; an oral and practical assessment held in the Candidate 's apiary. The notes cover all reasonable answers to questions likely to be asked when the Candidate is face to face with the examiner.

There are topics in the syllabus new to the BBKA series of examinations, such as public health and safety as overseen by the Environmental Heath Officer in the Candidate 's area; these are not covered in other books for this examination . The book is up to date with present practice and also up to date with disease terminology that is, unfortunately, continually changing. The Authors, Dawn and John Yates, need no introduction, they have many year 's experience as Master Beekeepers; they are eminently

qualified to prepare these notes for future candidates.

This book, the Orange book, is the companion Volume 2 to its forerunner Beekeeping Study Notes for the BBKA Examinations Volume 1 (Modules 1, 2, 3 & 4), and follows an identical format addressing every topic in the syllabi of modules 5, 6, 7 & 8. It completes the series for all the BBKA examinations available to students, i.e. the green book for modules 1, 2, 3 & 4, the brown book for the Basic Examination, the red book for the Practical Examination, the blue book for the Microscopy Examination and the purple book for the Husbandry Certificate. Module 5, honeybee biology, covers some of the ground in

module 4 but at the higher level required for the senior standard. This part of the syllabus where many students have difficulty. Sketches and diagrams have been included which are necessary for the examinations. It is important that candidates are able to reproduce them for examination purposes. This new edition has been re-written to incorporate module changes. The authors are very well qualified to prepare this work. They are both BBKA Examiners and Master Beekeepers well familiar with the problems that confront the students and candidates. Dawn and John Yates are both past winners of the coveted Wax Chandler Prize and are the only man and wife team to achieve this feat. Dawn is the secretary of the Plymouth Branch of the DBKA and a local honey judge. In 1996 John

Scottish Basic Beemaster Certificate and the Irish Preliminary Certificate respectively. Additional appendices have been included to provide a volume which covers the three associations basic examinations under one cover. The notes address the 61 topics in the BBKA syllabus, 3 additional topics for the SBKA syllabus and 3 additional items for the FIBKA syllabus. The examination is explained and prospective candidates should now have no fears of not knowing what to expect when face to face with the examiner. Dawn and John Yates were Examiners for all the BBKA Examinations and have examined many candidates for the Basic; they are eminently qualified to prepare these notes for future candidates.
