In April 2016, MLA replaced its seventh edition resources with a new eighth edition. This updated version reflects the ways in which digital publication has changed how writers and researchers document sources. Therefore, the new edition includes significant shifts in the approach to source documentation in academic writing.

In October 2019, the American Psychological Association (APA) introduced the 7th edition of the APA Publication Manual, which replaces the 6th edition published in 2009. In that time a lot of things have changed. Citing online material has become more common, the use of inclusive and bias-free language is increasingly important, and the technology used by researchers and students has changed.
