Students of Philippine literature will find this anthology invaluable as a reference and will appreciate the discussion and information provided by the editor in his introductory essays.

An unsettling, gripping middle grade debut about searching for a sense of belonging in the wrong places, and the bravery it takes to defy those who seek to control us. This is Miss Peregrine's Home for Peculiar Children meets Lord of the Flies for fans of Neil Gaiman and Holly Black. When Eleven-year-old Sol arrives at the Ash House, desperate for a cure for his complex pain syndrome, he finds a community of strange children long abandoned by their mysterious Headmaster.The children at the Ash House want the new boy to love their home as much as they do. They give him a name like theirs. They show him the dorms and tell him about the wonderful oasis that the Headmaster has created for them. But the new boy already has a name. Doesn't he? At least he did before he walked through those gates...This was supposed to be a healing refuge for children like him. Something between a school and a summer camp. With kids like him. With pain like his. But no one is allowed to get sick at the Ash House. NO ONE.And then The Doctor arrives...Strange things are about to happen at the mysterious Ash House. And the longer Sol spends on the mysterious grounds, the more he begins to forget who he is, the more the other children begin to distrust him, and the worse his pain becomes. But can he hold onto reality long enough to find an escape? And better yet, can he convince the others?

Long considered the dean of modern Philippine literature, N. V. M. Gonzalez has influenced an entire generation of young Philippine writers and has also acquired a devoted international readership. His books, however, are not widely available in this country. The Bread of Salt and Other Stories provides a retrospective selection of sixteen of his short stories (all originally written in English), arranged in order of their writing, from the early 1950s to the present day. This is a powerful collection, both for the unity and universality of the author's subjects and themes and for the distinctive character of his prose style. As Gonzalez remarks in his Preface: "In tone and subject matter, [these stories] might suggest coming full circle - in the learning of one's craft, in finding a language and, finally, in discovering a country of one's own." Gonzalez has traveled widely and has taught the writer's craft in various countries. Nonetheless, his primary metaphor is his colonial island homeland, and his stories are peopled with the farmers and fishermen, the schoolteachers and small-town merchants, "the underclass who constitute the majority in all societies." He portrays, in the men, women, and children of the peasantry, an ordinary and enduring people who live lives of stark dignity against a backdrop of forgotten and unknown gods. A broad humanity suggests itself: "This feeling of having emerged out of a void, or something close to it, is not uncommon, and we face our respective futures predisposed, by an innocence, to prayer and hope." Colonization, Gonzalez feels, has created in Filipinos "a truly submerged people." The stories in The Bread of Salt explore this rich vein at several levels, from the river-crossed wilderness of the kaingin farmers, stoic in the hard face of nature; to the commercial centers of the town dwellers, cut off from the mythic animism of the land; to the America of the contemporary sojourner, exiled from the old ways without the guidance of new traditions. Gonzalez writes: "It was in America that I began to recognize my involvement in the process of becoming a new person . . . of trying to shed my skin as a colonial." Gonzalez's social commentary is implicit throughout his stories. His message is humane, moral, tellingly accurate, and gently ironic; he is neither sentimental nor doctrinaire. His narratives are presented without intrusive explanation, invoking instead the reader's own powers of contemplation and discovery. His strong prose style, spare yet lyrical suggests the cadences of Philippine oral narrative traditions. Each of these sixteen tales is a small masterpiece. The language and its imagery, the characters and their aspirations, all connect powerfully with the reader and serve to illuminate the dreams of exiles and colonials, suggesting what it was like, as a Filipino, to witness the endless interacting of cultures.

Provides an examination of the bodies found buried in the ashes of the ancient city while exploring the life and times of these people, the events that led to the destruction of their civilization, and the archeological discoveries being made at the site's location today.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Long considered the dean of modern Philippine literature, N. V. M. Gonzalez has influenced an entire generation of young Philippine writers and has also acquired a devoted international readership. His books, however, are not widely available in this country. The Bread of Salt and Other Stories provides a retrospective selection of sixteen of his short stories (all originally written in English), arranged in order of their writing, from the early 1950s to the present day.

From the renowned author of Possession, The Children ' s Book is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive ' s brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents ' " porcelain socialism. " Olive ' s daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until The Children ' s Book becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame ' s The Wind In the Willows, not long after Alice ' s Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf, when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. The Children ' s Book is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life ' s most painful struggles and its richest pleasures. No other writer could have imagined it or created it.
