process takes a long time in moving the assets after a contract is signed. But, a smart contract will take less time and execute the process quickly.

ICO Smart Contracts - ICO Token News

ICO + Smart Contracts + Real-Estate. There are many ways to utilize an ICO for a real-estate backed project. In the early days of this whole blockchain revolution, real estate was always touted as one of the main use cases for it. When Hyperledger first came out – in the initial days when both the Dans (Dan O'Prey and Daniel Feichtinger ...

Smart Contracts + ICO + Real-Estate | by Faisal Khan ...

Smart contracts are computer programs which allow for the automatic transfer of digital assets between parties based upon pre-specified conditions. Smart contracts have been used primarily in association with cryptocurrencies. The most prominent smart contract implementation is the Ethereum blockchain platform, which also calls them decentralized applications, or dApps.
