Choose DentalAir for dental compressors. DentalAir is the only dedicated specialist company that offers a total turnkey solution for all your dental compressed air and vacuum/suction needs. We will survey, design, recommend, install, commission, service and support all guidelines, including NHS, HSE and M.O.D JSP with certification of compliance as appropriate.DentalAir is the only dedicated specialist company that offers a total turnkey solution for all your dental compressed air and vacuum

About us - Dental Air Compressors | Dental Air Compressors

The Dental Air Compressor is distinct to dental surgeries as they lower the dew point of the compressed air, removing impurities via an inline filtration system and removing moisture from the air through a compressed air dryer to protect your handpiece, ensure dry air from the 3:1 and eliminate bacteria.

Dental Air Compressor Guide - Eclipse Dental Engineering Ltd

SUPER DRY / ULTRA CLEAN / QUADRUPLE FILTERED/ DRIEST POSSIBLE. The above, are marketing terms, used by our competitors, that do absolutely nothing to tell you the quality of the compressed air leaving their machines., and are designed to give you an "impression" of superior quality with no means of verification whatsoever. We believe the dental profession deserves better.
