With only half a canteen of water and one baby bottle, a family of eight fought for their lives in the killing fields and land mines of Cambodia. Heroes emerge in the most unlikely places, under the most dangerous conditions. They are often the most ordinary of people facing extraordinary times. Surrounded by unimaginable adverse forces, one woman would ultimately lead her entire family to survive. Beautiful Hero is an autobiographical narrative told from a daughter's perspective. The story centers around Meiyeng, the eponymous Beautiful Hero, and her innate ability to sustain everyone in her family.Meiyeng's acumen in solving problems under extreme circumstances is thought-provoking and awe-inspiring. She shepherded her entire family through starvation, diseases, slavery and massacres in war-torn Cambodia to forge a new life in America.Over two million people--a third of the country's population--fell victim to a devastating genocide in Cambodia. The rise of the Khmer Rouge posed not merely a single challenge to survival, but rather a series of nightmarish obstacles that required constant circumvention, outmaneuvering, and exceptional fortitude from those few who would survive the regime intact.Beautiful Hero suspensefully unravels the layers of atrocity and evil unleashed upon the people, providing a clear view of this horrific and violent time of the Cambodian revolution.The story highlights the most basic impulses of man: good vs. evil, individual vs. group, democracy vs. tyranny, and life vs. death. It is the ultimate story of love, sacrifice, survival, and redemption--and lives pushed to the limits. A survivor of the Cambodian genocide recounts a childhood in Cambodia, where rudimentary labor camps filled with death and illness were the norm and modern technology, such as cars and electricity, no longer existed. Reprint.

San Tran Croucher's earliest memories are of fleeing ethnic attacks in her Vietnamese village, only to be later tortured in Cambodia by the Khmer Rouge. Katya Cengel met San when San was seventy-five years old and living in California, having miraculously survived the Cambodian genocide with her three daughters, Sithy, Sithea, and Jennifer. But San's family's troubles didn't end after their resettlement in California. As a teenager under the Khmer Rouge, San's daughter Sithy had been the family's savior, the strong one who learned how to steal food to keep them alive. In the United States, Sithy's survival skills were best suited for a life of crime, and she was eventually jailed for drug possession. U.S. immigration law enforces deportation of any immigrant or refugee who is found guilty of certain illegal activities, and San has hired a lawyer to fight Sithy's deportation case. Only time will tell if they are successful. In Exiled Cengel follows the stories of four Cambodian families, including San's, as they confront criminal deportation forty years after their resettlement in the United States. Weaving together these stories into a single narrative, Cengel finds that violence comes in many forms and that trauma is passed down through generations. With no easy answers, Cengel reveals a cycle of violence, followed by safety, and then loss.

The Years of ZeroComing of Age Under the Khmer Rouge is a survivor's account of the Cambodian genocide carried out by Pol Pot's sadistic and terrifying Khmer Rouge regime in the late 1970s. It follows the author, Seng Ty, from the age of seven as he is plucked from his comfortable, middle-class home in a Phnom Penh suburb, marched along a blistering, black strip of highway into the jungle, and thrust headlong into the unspeakable barbarities of an agricultural labor camp. Seng's mother was worked to death while his siblings succumbed to starvation. His oldest brother was brought back from France and tortured in the secret prison of Tuol Sleng. His family's only survivor and a mere child, Seng was forced to fend for himself, navigating the brainwashing campaigns and random depravities of the Khmer Rouge, determined to survive so he could bear witness to what happened in the camp. The Years of Zero guides the reader through the author's long, desperate periods of harrowing darkness, each chapter a painting of cruelty, caprice, and courage. It follows Seng as he sneaks mice and other living food from the rice paddies where he labors, knowing that the penalty for such defiance is death. It tracks him as he tries to escape into the jungle, only to be dragged back to his camp and severely beaten. Through it all, Seng finds a way to remain whole both in body and in mind. He rallies past torture, betrayal, disease and despair, refusing at every juncture to surrender to the murderers who have stolen everything he had. As The Years of Zero concludes, the reader will have lived what Seng lived, risked what he risked, endured what he endured, and finally celebrate with him his unlikeliest of triumphs.

Phnom Penh people punishment. On April 17th, 1975, in 48 hours, Phnom Penh has been emptied of his habitants, because the troop of young peasant armed to the teeth, spread terror in the city. Red blood headbands on their forehead, their eyes showed their monstrous identity of killers without mercy for their own people. My mother has been taken away from me because of that Khmer Rouge war. That loss throw me in such suffering that I believe to be a living dead. These Khmer Rouge have been created by Pol Pot, their chief, in order to despise city people because they said that we were the reason of their misfortune. My family and I were deported, as the whole Khmer population, to the countryside. Cambodia fell into a terrible war where the Khmer Rouge transformed the country into a large concentration camp, death camp. The Khmer Rouge killed the elite people and by the way of a vast genocide, most if the Cambodian people. The death camp daily life is made of torture, humiliation, summary executions, starvation, terror... I was lost in hell, face to face with death all the time. During Pol Pot regime whose goal was to established rural communism and terror, millions of Khmer people lost their life in least than four years. The Khmer Rouge slogan was: "you must spy on each other"
