The Ghost House Saga

In ghostlore, a haunted house or ghost house is a house or other building often perceived as being inhabited by disembodied spirits of the deceased who may have been former residents or were otherwise connected with the property. Parapsychologists often attribute haunting to the spirits of the dead who have suffered from violent or tragic events in the building's past such as murder, accidental death, or suicide. In a majority of cases, upon scientific investigation, alternative causes to supern
