How to Make a Movie: Low Budget, Big Bang Even ten or fifteen years ago, if you wanted to make a feature film, at the very least you had to shoot it on 16mm, like Steven Soderbergh's Sex, Lies and Videotape, and then have it carefully blown up (transferred) to 35mm if you got a major theater release.

How to Make a Movie: Low Budget, Big Bang - Vidmaker
Come up with a worthy villain. A good villain is the secret weapon of a great action movie. For evidence, look no further than Star Wars and its arguably most famous character, Darth Vader. Good villains bring out the best in your hero by amplifying the action and tension, so don't just throw in a generically evil Russian or murderous alien without trying to make your villain unique.

3 Ways to Make an Action Movie - wikiHow
Music can take a film and make it more than the sum of its parts. And even in the days of so-called "silent" films, the silence was just a lack of dialogue and sound effects, not a lack of music: piano and other musical accompaniment was a staple of the theatrical viewing experience, with live music helping bring the movies to life.

How to Make a Great Low-Budget Soundtrack for Your Film
Use noise reduction, or video denoising, to improve video quality. Video de-noising is a process by which analog 'noise', such as lines, dots, color degradation and various other unwanted artifacts can be removed or diminished. The video denoising filter typically will be found in the effects and filters menu of the video editing application.

"Join two dozen independent filmmakers as they bluntly chronicle their experiences creating features "from the trenches." They cover the major stages of the filmmaking process, from financing, technical decisions, and handling actors and crew to music, production, and distribution. This collection of war stories from the micro-budget front lines will benefit aspiring and experienced independent filmmakers alike"--
An underground filmmaker and screenwriter take you from idea to postproduction and successful screenings with the DIY guide to moviemaking on a budget. This hilarious and helpful handbook takes you from start to finish, from creating your own low-cost sets to crazy cool zombie and alien props to smart marketing, this SoCal duo tells you everything you need to know.

The term "low-budget" can refer to anything from a \$10 million indie flick to a student film produced on borrowed equipment with little or no money. Low budget filmmakers can range from seasoned auteurs attempting to shed the shackles of major studio control to novice talents trying to break into the industry. Designed for would-be filmmakers of all experience levels, this book explains how to make a good, commercially successful, low-budget movie in the current multi-million dollar Hollywood climate. The purpose is not only to show how to get movies made and distributed, but also how to maximize a film's potential for significant profit. Written in practical, understandable terms, the book covers everything from commercially viable genres to the most efficient film and video formats, along with tips on hiring stars, pursuing investors, distributing and marketing a film, and keeping track of expenses.

First published in 2012. Routledge is an imprint of Taylor & Francis, an informa company.

The number of independent films produced each year has almost doubled in the past decade, yet only a fraction will succeed. If, like many filmmakers, you have no industry connections, little to no experience, and a low or ultra-low budget, this outsider's guide will teach you what you need to know to produce a standout, high-quality film and get it into the right hands. Written by an entertainment lawyer and experienced director and producer, this handbook covers all the most essential business, legal, and practical aspects of producing on a low budget, including: Scripts Business plans Copyright issues Equity and non-equity financing Fund-raising Tax considerations Talent recruiting Scheduling Distribution Securities laws Film festivals And more Also discussed are the new crowd funding laws covered by the JOBS Act, making this book a must-read for every indie producer in today's economy. If you want to produce a film that gets attention, pick up the book that is recommended or required reading at film, business, and law schools from UCLA to NYU. Whether you're a recent film school graduate or simply a Hollywood outsider, Independent Film Producing will be like having a best friend who is an experienced, well-connected insider.

Dying to make a feature? Learn from the pros! "We never put out an actual textbook for the Corman School of Filmmaking, but if we did, it would be Fast, Cheap and Under Control."—Roger Corman, Producer
