studying historical and contemporary theatre, this Introduction examines the complexities of a rapidly changing and dynamic discipline. Following a cross-cultural perspective, the book surveys the ways theatre and performance are studied by looking initially at key elements such as performers, spectators and space. The central focus is on methodology, which is divided into sections covering theatre theory, historiography and textual and performance analysis. The book covers all the main theatrical genres - drama, opera and dance - providing students with a comparative, integrated perspective. Designed to guide students through the academic dimension of the discipline, the volume emphasizes questions of methodology, research techniques and approaches, and will therefore be relevant for a wide variety of theatre studies courses. Informative textboxes provide background on key topics, and

Studies as a discipline. Part 2 □ Fields, Theories and Methods □ looks at how to analyse a performance and how to conduct theatre-historiographical research. This section is concerned with the 'doing' of Theatre and Performance Studies: establishing and understanding different methodological approaches; using sources effectively; and building theoretical frameworks. Part 3 □ Pushing Boundaries □ expands on the lessons of Parts 1 and 2 in order to engage with theatre and performance in a global context. Part 3 introduces the concept of 'interweaving performance cultures'; explores the interrelation of theatre with the other arts; and develops a transformative aesthetics of performance. Case studies throughout the book root its theoretical discussion in theatrical practice. Focused accounts of plays, practitioners and performances map the development of Theatre and Performance Studies as an academic
