Jane Bowles has for many years had an underground reputation as one of the truly original writers of the twentieth century. The collection in My Sister's Hand in Mine of expertly crafted short fiction will fully acquaint all students and scholars with the author Tennessee Williams called "the most important writer of prose fiction in modern American letters."

The Book Provides A Lucid And Step-By-Step Treatment Of The Various Principles, Methods And Instruments Involved In Land Surveying. Modern Methods And Techniques Are Emphasised Throughout The Text. After Presenting The Basic Concepts And Definitions, The Book Explains Errors In Survey Measurement And Their Propagation. Survey Measurements Are Detailed Next. These Include Horizontal And Vertical Distances, Slope, Elevation, Angle And Direction. Measurement Using Stadia Tacheometry Is Then Highlighted, Followed By Contouring And Uses Of Contours In Civil Engineering Projects. Traversing Is Then Explained, Followed By A Detailed Discussion Of Plotting Of Maps By Plane Tabling. The Use Of Tangent Clinometer In Plane Tabling Has Been Suitably Highlighted. The Book Then Explains The Calculation Of Areas And Volumes From The Survey Measurements. The Last Chapter Features Various Types Of Curves And Includes A Variety Of Field Problems In Setting Out The Curves. Suitable Diagrams, Illustrative Examples And Practice Problems Are Included Throughout The Book. The Book Would Serve As An Excellent Text For Degree And Diploma Students Of Civil Engineering. Amie Candidates, And Practicing Engineers Would Also Find This Book Extremely Useful.

That's so fetch! The Mean Girls Magnets mini kit features 10 magnets emblazoned with some of the most memorable one-liners from the comedic masterpiece. Also included is a 32-page mini "Burn Book" with quotes and images from the 2004 film. Magnets feature the following grool phrases: On Wednesdays we wear pink You go Glen Coco She doesn't even go here So you agree? You think you're really pretty? Is butter a carb? SO fetch Get in loser, we're going shopping I'm a mouse, duh I'm not like a regular mom. I'm a cool mom. Boo, you whore

This is no ordinary love story; it is more than that. It is about joy and pain and laughter; life and loss; who we are and what really matters to us. A novel that touches on history, destiny, and fate.

Love him at his worst...was the slogan that most women went by, but what happens when the tables are turned and Cupid shoots the MAN in the heart. Powerful and Passive Malachi Morgan finds his hands full and his heart thumping erratically for a certain someone but Jade Williams doesn't feel the same, in fact she refuses to acknowledge his presence in her life, and oh boy is it a powerful presence. Malachi Morgan is that man..the man that everyone has to love because he's so charming. But not Jade Williams, she could care less what he has and where he comes from. Jade Williams is battling demons that she can't cast no matter how hard she tries. Sunken in depression and drowned in her own misery, Jade lives a pitiful life and she has grown to accept it. Blaming her past on her future, Jade is stagnant. But, Malachi Morgan is the opposite, in fact his life is just starting. Retiring from The Underworld at the age of twenty-five is considered an accomplishment in the streets and he is prepared to live a new life but not with his baby mama. Aaliyah is considered a mistake but Malachi can never find the words to tell her that, so in attempt to raise his child better than he was he plays house. However, this doesn't last too long, somehow Malachi unpeels the layers that conceals Jade's true identity and Malachi is willing to drop it all to be with her, including his family in New York. Whenever they warm up, Jade goes cold again. Malachi can't seem to keep her feelings consistent for him and what started off as an innocent business dealing turns into a steamy yet drawn out whirlwind of a relationship. Malachi refuses to play hide and seek with Jade's heart, but she just won't compromise. In Please Catch my Soul, Jade and Malachi are in constant battle for happiness and love. Jade seeks peace more than anything and on many occasions Malachi comes to her rescue and all she asks him to do is keep her captive and save her soul.

Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day's training. Their progress comes in small increments, not heroic triumphs. Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a

structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

In her first collection of published poetry, Megan Miller gives voice to her feelings and fears as well as her hopes and her dreams. Readers are offered a glimpse of the emotional journey she has taken over the last four years in which she learned the importance of loving, learning, growing, and knowing. Expressing herself freely through her writing has helped her deal with the many challenges she has encountered. Her experiences have given her a personal understanding of how her world works and she hopes to pass along what she has discovered to others through her poetry. Megan believes everyone can find their own outlet to achieve strength and balance in their lives. She found hers through the poems she wrote in this book and perhaps you will too.

The bestselling author of *One Crazy Summer*, *Wildwood Shadows*, and *Saving Brooksie* now brings you this updated version of his 2008 Christian Choice Award winning novel "Mommy's Choice" - a tale of woman who seems to be losing her sanity in the midst of losing her son. According to Stephanie, her last name is Tanner. According to everyone else, it's not. According to Stephanie, her 22 year old son just simply vanished. According to everyone else, he did a little more than "vanish." Has Stephanie lost touch with reality? Why can't she figure out what happened between her and Jonathan? Perhaps returning to her old job (a job she apparently never had) and talking to her old friend Dave (who apparently never met her) could help uncover the clues necessary to answer her nagging question - What happened to her son & best friend Jonathan? It will keep you guessing up until the final page! This updated version of the original novel simply brings the story to more recent times, making it easier to relate to. For the most part, all the years in the timeline have changed, with minor changes throughout to keep the story properly connected. Scott McElhaney is the winner of the 2008 Christian Choice Book Award for his debut suspense novel "Mommy's Choice." With over 250,000 books downloaded worldwide, he is making nearly all of his novels available to Kindle readers at the very accessible price of only 99 cents. Scott is a veteran of the US Navy, a father of two teenage boys, and he has been happily married for more than 20 years. EDITORIAL REVIEWS: "McElhaney's story telling is deft, well-paced, and with an ear for conversation" ~ Beacon Journal Book Review "The author does a good job of sucking you into the moment and feeling as if you are the main character. The technology and scenarios are realistic enough for this sci fi fan and, if you like a good storyteller Mr. McElhaney knows how to do it." ~Top 50 Amazon Reviewer and Vine Voice Michael Gallagher
