This beautiful gift book helps women connect intimately with God by emulating King David in the Psalms and crying out to God through prayer. A dynamic prayer life beckons you!

Dr. Joseph Murphy, the author of *The Power of Your Subconscious Mind*, wrote this book as a manual to teach people how to pray. Quirky and wonderfully candid, Neil Young's second book of reminiscences is as compelling as his first book. He returns with more unforgettable stories about his six decades in the music business - but this is not your average rock biography. He centres this work on one of his life's passions, cars, using the framework of all the cars he's ever owned to construct a narrative of his life and career, exploring and demonstrating how memories are attached to objects. Young also expresses regret for the environmental impact of his past cars, and now passionately advocates the use of clean energy. 'Special Deluxe' is a mix of memoir and environmental politics by one of the most gifted and influential artists of our time.

This time there's an attack drone, a ghostly rocking chair, a slam-dunking wizard, and a UFO. Will these boys ever be stopped? Let's hope not! Back 4 More is the fourth book in the ongoing I Told You So series of humorous stories shared in short standalone bursts. If they were any longer you couldn't handle it!
