Provides one hundred reproducible math activities and exercises for fifth and sixth grade students

Provides one hundred reproducible math activities and exercises for seventh and eighth grade students

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for sixth grade to help ensure that children master necessary math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

These nationally acclaimed titles ensure students' academic success with teachers and parents. The key to the Master Skills series is reinforcing skills through practice; using a contemporary approach to learning fundamentals through real-life applications. The workbooks in this series are excellent tools to prepare young learners for proficiency testing and school success. Answer keys included.

This workbook, designed by educators, offers a variety of activities for skill-and-drill practice with the intent of helping children achieve mastery of the mathematical skills necessary to succeed in school.

Offers forty reproducible mystery stories to help students build skills in multiplaction, division, decimals, fractions, mental math, probability, and geometry.

Help your child hone his math skills with Making the Grade Math for Grade 5. Specially made to follow state standards for learning, this workbook offers practice for: adding and subtracting fractions and mixed numbers, finding volume, and converting measurements. This math workbook for fifth grade supports the strong foundation in math your child needs. Using step-by-step instructions, your child will learn, practice, apply, and master basic math skills. Making the Grade Math books will catch your child's attention with interesting, colorful activities while providing quick practice to support basic skills. Each 48-page workbook in the Making the Grade series is jam-packed with standards-based activities to reinforce the skills your child is learning in class. Featuring easy-to-follow instructions and an answer key, each book in the series allows your child to independently practice skills at his own pace. The series offers grade-specific titles for these main school subject areas: Reading (PK-Grade 5), Math (PK-Grade 5), Basic Skills (PK-Grade 2), and Handwriting (K-Grade 5). With this series, you will be sure to pick the perfect workbook to benefit your child.
