The PADI Open Water Diver course includes three parts: Knowledge Development, Confined Water Dives, and Open Water Dives. Knowledge

# Download File PDF Open Water Diver Manual Knowledge Review Answers

Development covers the principles, concepts and terms you need to know for dive safety and enjoyment. During the Confined Water Dives, you learn and practice scuba skills in a pool or water with pool-like conditions. You'll enjoy making one or more minidives, which take you through the same steps you follow when you make open water dives.

The PADI Open Water Diver course is incredibly flexible and is based on performance. This means that the PADI Dive Center or Resort can offer the program with various schedules and the appropriate level of knowledge of the subject shown by you over the course. You can complete the confined water dives and open water in the space of just three or four days (provided you read the manual and watch the video in advance). However, many people prefer longer time.
