Scientists map religious forests and sacred sites

The village site, now a US Forest Service campground, is also where the largest Winnemem massacre occurred at the hands of European gold seekers in the 1800s. The Threat: The U.S. Bureau of Reclamation has proposed a plan to raise the Shasta Dam from between 6 feet to 200 feet. Any expansion would flood many of the Winnemem's last remaining sacred sites, as well as much of the McCloud River.

The McCloud River Watershed — Sacred Sites

The report states that the 1989 act "is not strong enough as Aboriginal people say it provides miners with the 'legal' means to destroy sites." Benin's Sacred Forest Protection Law (2012) In 2012, the West African country of Benin passed national legislation granting legal recognition to community sacred groves. The law prohibits tree cutting and other destructive activities, creates buffer zones around sacred forests, and designates community management committees.
