In his New York Times bestseller *Steal Like an Artist*, Austin Kleon showed readers how to unlock their creativity by “stealing” from the community of other movers and shakers. Now, in an even more forward-thinking and necessary book, he shows how to take that critical next step on a creative journey—getting known. *Show Your Work!* is about why generosity trumps genius. It’s about getting findable, about using the network instead of wasting time “networking.” It’s not self-promotion, it’s self-discovery—let others into your process, then let them steal from you. Filled with

Online Library Show Your Work A Book By Austin Kleon

illustrations, quotes, stories, and examples, Show Your Work! offers ten transformative rules for being open, generous, brave, productive. In chapters such as You Don ' t Have to Be a Genius; Share Something Small Every Day; and Stick Around, Kleon creates a user ' s manual for embracing the communal nature of creativity— what he calls the “ ecology of talent. ” From broader life lessons about work (you can ' t find your voice if you don ' t use it) to the etiquette of sharing—and the dangers of oversharing—to the practicalities of Internet life (build a good domain name; give credit when credit is due), it ' s an inspiring manifesto for succeeding as any kind of artist or entrepreneur in the digital age.

Organizations struggle to capture tacit knowledge. Workers struggle to find answers and information across organizational databases and boundaries and silos. New comfort with social sharing, combined with the proliferation of new social tools, offer easy, useful means of sharing not just what we do but how we get things done. For the organization this supports productivity, improves performance, encourages reflective practice, speeds communication, and helps to surface challenges, bottlenecks, and that elusive tacit knowledge. For the worker it illuminates strengths, talents, struggles, and the reality of how days are spent. For the coworker or colleague it solves a problem, saves time, or builds on existing knowledge. And for management it helps to capture who does what, and how, and otherwise makes visible so much of what is presently opaque. What does showing work mean? It is an image, video, blog post, or use of another tool, or just talking to describe how you

Online Library Show Your Work A Book By Austin Kleon

solved a problem, show how you fixed the machine, tell how you achieved the workaround, explain how you overcame objections to close the deal, drew the solution to the workflow problem, or photographed the steps you took as you learned to complete a new task. Some of the most effective examples of showing work offer someone explaining how/why they failed, and how they fixed it. Show Your Work offers dozens of examples of individuals and groups showing their work to the benefit of their organizations, their industries, and themselves. Show Your Work offers dozens of real examples of showing work, supported with tips for how to help it happen, how leaders can lead by showing their own work, and how L&D can extend its reach by showing its own work and helping others show theirs.

"Rework" shows you a better, faster, easier way to succeed in business. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you.

A 10th anniversary deluxe edition of the bestselling book to inspire creativity for artists and creatives of all types: an oversized hardcover with ribbon marker, hand-drawn endpapers, and a new afterword by the author.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly

Online Library Show Your Work A Book By Austin Kleon

redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Greatness Redefined for the 21st Century Today's business climate is defined by

Online Library Show Your Work A Book By Austin Kleon

speed, social technologies, and people's expectations of “ values ” besides value. As a result, leaders have to create an outstanding culture for all, no matter who they are or what they do for the organization. This groundbreaking book, from the creators of the gold-standard Fortune 100 Best Companies to Work For list, shows how it's done. Through inspiring stories and compelling research, the authors demonstrate that great places to work for all benefit the individuals working there and contribute to a better global society—even as they outperform in the stock market and grow revenue three times faster than less-inclusive rivals. This is a call to lead so that organizations develop every ounce of human potential.

You don ' t need to be a genius, you just need to be yourself. That ' s the message from Austin Kleon, a young writer and artist who knows that creativity is everywhere, creativity is for everyone. A manifesto for the digital age, *Steal Like an Artist* is a guide whose positive message, graphic look and illustrations, exercises, and examples will put readers directly in touch with their artistic side. When Mr. Kleon was asked to address college students in upstate New York, he shaped his speech around the ten things he wished someone had told him when he was starting out. The talk went viral, and its author dug deeper into his own ideas to create *Steal Like an Artist*, the book. The result is inspiring, hip, original, practical, and entertaining. And filled with new truths about creativity: Nothing is original, so embrace influence, collect ideas, and remix and re-imagine to discover your own path. Follow your interests wherever they take you. Stay smart, stay out of debt, and

Online Library Show Your Work A Book By Austin Kleon

risk being boring—the creative you will need to make room to be wild and daring in your imagination.

When *Designing Your Life* was published in 2016, Stanford's Bill Burnett and Dave Evans taught readers how to use design thinking to build meaningful, fulfilling lives (" Life has questions. They have answers. " – The New York Times). The book struck a chord, becoming an instant #1 New York Times bestseller. Now, in *DESIGNING YOUR WORK LIFE: How to Thrive and Change and Find Happiness at Work* they apply that transformative thinking to the place we spend more time than anywhere else: work. *DESIGNING YOUR WORK LIFE* teaches readers how to create the job they want—without necessarily leaving the job they already have. " Increasingly, it's up to workers to define their own happiness and success in this ever-moving landscape, " they write, and chapter by chapter, they demonstrate how to build positive change, wherever you are in your career. Whether you want to stay in your job and make it a more meaningful experience, or if you decide it's time to move on, Evans and Burnett show you how to visualize and build a work-life that is productive, engaged, meaningful, and more fun.

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand

Online Library Show Your Work A Book By Austin Kleon

the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.
