Venture Capital and Private Equity: A Casebook 5th edition, Josh Lerner. This book is good, primarily because it has no real competition as so little is written on the subject. It provides a brief introduction to private equity in the first few pages and goes into case studies thereafter, with a few 'notes' re: private equity in between the case studies.

Private equity (PE) and venture capital (VC) are two major subsets of a much larger, complex part of the financial landscape known as the private markets. Because the private markets control over a quarter of the US economy by amount of capital and 98% by number of companies, it's important that anyone in any business capacity—from sales to operations—understands what they are and how ...
