This book constitutes the refereed proceedings of the 6th Mexican International Conference on Artificial Intelligence, MICA I 2007, held in Aguascalientes, Mexico, in November 2007. The 116 revised full papers presented were carefully reviewed and selected from numerous submissions for inclusion in the book. The papers are organized in sections on topics that include computational intelligence, neural networks, knowledge representation and reasoning, agents and multiagent systems.

In the early 1800s, Robert Owen was a mill owner, political figure, and an advocate for social reform, and his publications attained considerable circulation. He believed that people need good working conditions in order to be encouraged to work and motivated to learn. Despite the higher costs associated with this kind of operation, compared to the traditional ones, Owen's management resulted in increased productivity and profit. His results caught the attention of men of wealth who were interested in social reform. In particular, at a similar time, Jeremy Bentham was developing his own theories. Owen and Bentham seemed to be based on some similar ideas that the greatest happiness creates the greatest results. Their ideas developed against the backdrop of the Industrial Revolution, and growing social and economic problems in England. Owen and Bentham were forerunners of highly relevant current theories of economics — marginalism, entrepreneurship, personnel management, and constructivism. They were acquainted with such important authors as James Mill, Malthus, Ricardo and John Stuart Mill. However, their economic theories were ruled out by classical economists, who actively tried to silence perspectives different from the orthodoxy. This book presents an innovative study of these two social thinkers and reformers, who have rarely, if ever, been studied together. This comparative study provides new context both on the social debate taking place during the Industrial Revolution, and on the development of modern social thought, in

particular, the relationship between socialism and utilitarianism. Economics, Entrepreneurship and Utopia will be of great relevance to scholars with an interest in the history of economic ideas, the history of entrepreneurship, and social reform in both historical and contemporary contexts.

Intertec's Vintage Collection Series: Four-Stroke Motorcycles contains repair and maintenance information for most single and multi-cylinder motorcycles with engine displacement of more than 85 cc and covers models produced in the early 1960s through the mid-1970s.

This manual contains worked-out solutions to selected problems in the text, showing students step-by-step how to complete exercises.

This is the primary supplement to Milady's Standard Esthetics: Advanced. The Exam Review contains chapter-by-chapter questions in a multiple-choice format to help students prepare for their state board exams. The answer key at the back of the book allows students to check accuracy and identify weak areas.

"Roby's highly engaging prose offers edgy characters and intense drama." - Booklist It's been four years since twenty-eight-year old Alicia Black, daughter of Reverend Curtis Black, divorced her second husband, the most womanizing and corrupt man she has ever known. Since then, Alicia has been dating her first husband, Phillip Sullivan, a wonderfully kind and true man of God whom she'd hurt terribly by cheating on him. Alicia has worked hard to prove herself worthy of his trust once more, and when he asks her to marry him again, she couldn't be happier. But Levi Cunningham, the drug dealer Alicia had an extramarital affair with, has just been released from prison, and he has completely turned his life around for the better. Still head-over-heels in love with Alicia, he will do whatever is necessary to win her back. Remarrying Phillip is the one thing Alicia has wanted for years, but she can't get Levi out of her mind. Alicia and Phillip aren't the only ones in the middle of a crisis. Their best friends, husband and wife Brad and Melanie Richardson, are struggling to keep their marriage together. Workaholic Brad is never home and has begun losing thousands on bad investments. Or so he says. Melanie, who is certain there's more to the story, is determined to get at the truth. Fresh betrayal leads to consequences no one saw coming, and Alicia's relationship with Phillip might not be the only thing that needs saving. But is it already too late?
