You Look Great Strategies For Living Inside A Brain Injury

'Balance the Forest and the Trees' - A good strategy will both zoom out to the big picture and zoom in to the specifics needed to achieve it. A strategy skewed too far to either side will be unbalanced. 'Pace Yourself' - the smart marathoner will sometimes slow down even when he or she has abundant energy. Not only do they not take their eye or mind off the end goal, but they are also very aware of all the evenly spaced, smaller milestones that are needed to reach so they can get ...

Richard highlights a number of different ways we stumble when trying to create good strategy. Here are the three most relevant to systems thinking: Mistaking goals for strategy — Maps of complex systems, such as early childhood development or water conservation, naturally end up with lots of factors and sectors involved. As we engage stakeholders across the system in a participatory approach, sometimes just getting a "finalized" map and aligning around goals for our collective effort ...
